

HOW-TO CONNECT TO PRINTER

FOR Windows

Printing for Windows

- 1. Navigate to https://myprint.avondale.edu.au/setup
- 2. Click Windows OS Icon

- 3. Download and open the Print Deploy and install the Application.
- 4. Once the app is installed, open the Print Deploy app as shown below:

► ENG US 10:49 AM US □ 21/02/2024	
PaperCut Print Deploy Client -	
PaperCut My printers Refresh Q search printers	locations
 My printers Add printers MyPrintQueueBlack [LMPR0801](Mobility) Everyone Instant 	stalled
P Help ↓8,1701 Everyone № Inst.	stalled
1-2 of 2 < < >	>1

- 5. Now you will be ready to print (once print credit has been added from https://myprint.avondale.edu.au)
- 6. Be aware that you will be prompted once or twice to log in after printing a document; after 1-2 logins, this will soon print without a credential login window.
