

HLTAID011 Provide First Aid

COURSE INFORMATION

When – 28 February 2024 – 9-4 pm

Where – E14

Cost - \$75 payable during application via credit card

This course meets the minimum requirement for workplace first aid compliance and should be completed every 3 years.

3 units of competency are completed as part of this course:

- HLTAID011 Provide First Aid
- HLTAID010 Provide basic emergency life support
- HLTAID009 Provide cardiopulmonary resuscitation

Enrolment and Completion Steps:

- Step 1** Complete the application and pay for the course via credit card / debit card
- Step 2** Receive an email with course details and instructions to log in
- Step 3** Complete your theory and knowledge questions online
- Step 4** Participate in the face-to-face practical training and assessment session

Course Content:

- Recognising and assessing emergency situations, ensuring the safety of those around you
- Providing first aid and/or perform cardiopulmonary resuscitation (CPR) in accordance with the Australian Resuscitation Council (ARC) guidelines
- Operating first aid equipment following manufacturers' instructions
- Accurately conveying incident details to emergency services
- Contributing to a review of the first aid response, including psychological impacts on yourself and others

Assessment:

To successfully complete the course, you must demonstrate competency in three assessments:

1. Online reading and multiple-choice questions for ALL topics
2. Observation assessment during the face-to-face practical
3. Incident report submitted during the practical session

Completing the online knowledge questions (assessment #1) is mandatory before attending the practical session. Failure to do so may result in being unable to participate in the practical training.
